About the Plan

The preparation of a Council Plan is a legislative requirement. Under the Victorian Local Government Act 2020, a Council Plan must be prepared every four years and submitted to the Minister for Local Government.

The West Wimmera Shire Council Plan is our key strategic document and incorporates the Municipal Public Health and Wellbeing Plan with our commitment to health and wellbeing reflected throughout.

The Council Plan and indicators are reviewed each year to ensure that they reflect the priorities of the Council and our community. Council will also report quarterly on an annual plan which will contain more detail on the projects and actions to be delivered each year.

The Council Plan has been developed in accordance with relevant legislation and reflects the outcomes of consultation with the local community and other key stakeholders over the past year.

The Plan is a roadmap for West Wimmera Shire, outlining where we are heading and what we all need to do to get there.

Acknowledgement of Country

The West Wimmera Shire Council respectfully acknowledges the Traditional Custodians of the land, and pays respects to their elders, past, present and emerging.

A message from The Mayor and CEO

We are delighted to present the West Wimmera Shire Council Plan 2021- 25.

This significant document sets out everything we hope to achieve. It not only reflects the important work that Council needs to do during this term but also lays the foundation for what is required to ensure a successful and sustainable future for our shire.

The goals, strategies and initiatives featured in the plan will guide Council over the next four years and serve as a blueprint to build a progressive, knowledge-based Council that embraces innovation, culture and sustainable living.

West Wimmera Shire prides itself on its welcoming communities and wide diversity of industry and environment. It is built on the strength of its people, the abundance of a clean natural environment and its diversity in agriculture.

Community consultation and engagement is at the core of this document and will be a large focus going into the next four years, especially at a time when the world is looking to emerge from the COVID-19 pandemic.

Council has based this plan on feedback received during pro-active and deliberate community consultation. Over 500 residents took up the opportunity to tell us what was important to them, and our strategic directions have been tailor-made specifically to meet the needs of West Wimmera ratepayers and residents. The liveability and attraction of our towns is something that our communities continue to engage with Council about.

CEO David Bezuidenhout

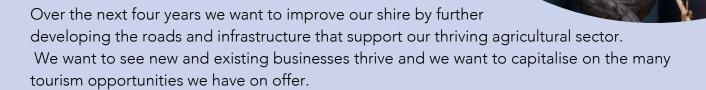

Mayor Bruce Meyer

We are setting in place strategies to improve the lifestyle in West Wimmera for our residents and allow all of our towns to thrive.

However, similar to other regional shires, we face challenges. Through considered planning, innovative thinking and a willingness to work together towards a common goal, our future remains bright.

We must capitalise on opportunities to position the shire as a destination for investment and tourism. We have achieved much in the past four years, including delivering silo art at Kaniva and Goroke, and creating a purpose-built new community hub at Edenhope.

At the centre of the Council Plan are four key themes: liveable and healthy community; diverse and prosperous economy; sustainable environment; and good governance. A new fifth goal has been included, which is Council's commitment. This plan seeks to reconcile the need for following best practice, economic growth with the sustainability, and enhancement of our natural and built assets in our unique location.

We want to capitalise on the opportunities and invest in other areas of infrastructure in our community. This plan provides the opportunity for us to consider our future; to focus on what is important and to move forward through planned delivery to maintain a sustainable financial position.

We have also included our Health and Wellbeing Plan into this document, to create a holistic approach to bettering services in our community.

Council's vision can only be achieved with the help of the community, and we will continue to engage with our ratepayers to make sure we are meeting all of their expectations.

We hope that the information laid out within our Council Plan is a true representation of our communities and we look forward to the next four years of listening to our residents and delivering great outcomes for everyone.

Mayor Bruce Meyer OAM and CEO David Bezuidenhout

About West Wimmera Shire

West Wimmera is located in the western most part of Victoria adjacent to the South Australian border. Covering an area of 9,106 km² it has a resident population of approximately 3,810.

The West Wimmera Shire Council Plan 2021-2025 is the key strategic document that will be used to prioritise activities across the next four years.

Containing actions and advocacy, it enables Council to act on the communities behalf to protect service standards that have an effect on the total quality of life of the resident population.

Acknowledgement of the importance of a collaborative regional approach to service delivery and advocacy is a major theme in guiding the future endeavours of West Wimmera. The West Wimmera Shire Council also recognises the role of other regional strategies such as the Wimmera Southern Mallee Regional Investment Strategy, the Regional Growth Plan and the Regional Partnerships, as opportunities to gain investment in the Shire via a regional approach. With an economy that is driven on diversity, this plan will look to further enhance the value provided to the Victorian state economy by adding value to activities, such as but not limited to those listed;

- Broad acre cropping.
- Production and processing of: wheat, barley, canola, beans, chickpeas, lentils, oats.

Our Planning Framework

Our planning framework comprises the key plans that guide our work and decision making and connects the long term community needs and aspirations. The Council Plan is aligned with the 2041 Community Vision. The key elements of our planning framework are:

Scope

Community Vision

The Community Vision describes the community's main priorities and aspirations over the next 20 years.

Long Term Financial Plan

The Financial Plan defines the broad financial framework for Council over the next ten years. Assumptions underpinning the Plan are transparent and the decisions that need to be made to resource the services and capital works outlined in the Council Plan are made clear.

Asset Plan

The Asset Plan provides a long-term (10+ years) strategic and financial plan of how Council proposes to manage the full portfolio of assets that it owns and controls.

Council Plan, incorporating the Municipal Health and Wellbeing Plan (MHWP)

The Council Plan (incorporating the MPHWP) is a key medium-term strategic plan that describes the strategic objectives, actions to achieve the objectives, indicators for measuring progress and the resources required to implement the plan for at least four years. This plan will be reviewed on an annual basis.

Municipal Health and Wellbeing Plan

All Victorian Councils are required to implement a Municipal Health and Wellbeing Plan under section 26 of the Public Health and Wellbeing Act 2008 as allowed by section 27 of that Act.

West Wimmera Shire Council has integrated its Municipal Health and Wellbeing Plan within the Council Plan. This reflects a view that health and wellbeing is inherent in all Council planning and therefore should be represented in the Council Plan. The health and wellbeing strategic thinking and initiatives in the Council Plan will play a crucial role in supporting the community to enjoy the highest standards of health, wellbeing and participation at every age, and aim for the greatest improvements among those who need it the most.

Budget and 4 Year Projections

The Budget projects Council's income and revenue and how these resources will be allocated across the four-year Council Plan, including initiatives, programs, services, and capital works, as well as financing and debt redemption/servicing.

Annual Report

The Annual Report outlines Council's performance for the year measured against the Council Plan and Budget.

How we involved our Community

To prepare the Community Vision and Council Plan, Council has undertaken an extensive and integrated engagement process. The Local Government Act 2020 requires Council to develop or review the Community Vision, Council Plan, Financial Plan and Asset Plan in accordance with its Community Engagement Policy. Council adopted a Community Engagement Policy on 17 February 2021 which sets out how Council will involve the community in making decisions and planning for the future.

The Community Engagement Policy outlines methods to ensure a broad cross-section of the community is able to contribute to engagement processes. It identifies the importance of asking community members to consider and prioritise ideas and also the

need to
ensure
engagement is
undertaken at
the start of the
planning process
so it can truly
inform the
outcome.

The engagement process involved 512 residents and involved the following elements:

	Engagement Activity	When	Response
	On-line community survey	June/July 2021	270 Completed
-	Community listening posts were held at: • Apsley • Dergholm • Edenhope • Harrow • Goroke • Kaniva • Serviceton	June/July 2021	63 Attended
	Activity sheet completed by children and young people held at the following schools: • St Malachy's School • Kaniva P – 12 College • Goroke P – 12 College	June/July 2021	179 Participated

Council's consultation and engagement focused on several key questions:

- What the community loves the most and considers to be the strengths of the West Wimmera community
- The community's vision for West Wimmera Shire i.e. what type of community do people want West Wimmera Shire to be in 20 years' time.
- The big ideas community members have for West Wimmera Shire.
- What needs to change or be improved to achieve the community's vision or to deliver the big idea.
- What are the biggest issues or concerns about the health and wellbeing of the West Wimmera community
- What should be Council's priorities for the next 4 years to meet the economic, environmental, social and health and wellbeing needs of the community.

14

The questions children and young people responded to through the activity sheet were: What they love the most about where they live, what they like to do the most on the weekend, their favourite place to visit and what they would do to make the place they live better.

What we heard from children and young people

- Family and friends are the people they are most likely to spend time with
- Recreation and sporting spaces, facilities and opportunities are really important
- Improving services like the internet, public transport, health services is important
- Improving roads and footpaths and improving our parks and towns would make it a better place to live

To make the community aware of the consultation and engagement program, a large-scale marketing and promotion strategy was implemented running from 6 June to 12 July. The strategy included:

Use of online tools including the Council's website and social media feeds.

Emails to
community
organisations and
committees of
management.

Direct mail of the survey to every home in West Wimmera Shire. Posters and information available about the consultation in key community

The community listening posts were also an important way of letting community members know about the survey.

The Community's Vision for West Wimmera Shire

Our population is growing

Our community is active, healthy and safe

We value the natural environment

Our economy is thriving

A diverse and inclusive community

Sustainable businesses and services

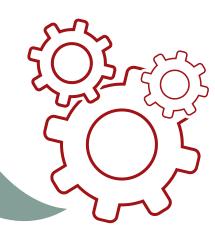

What we heard from our Community

Suggested priorities for Council for the next 4 years

- Supporting businesses and creating employment opportunities
- Improving access to quality and affordable childcare
- Improving and maintaining roads
- Access to and promotion of health services
- The environment, sustainability, and climate change
- Increasing the availability of short term and long-term housing
- Upgrade of recreation facilities
- Preventing all forms of violence, improving mental wellbeing and reducing harmful alcohol and drug use
- Improving town centres
- Advocating for reliable and quality potable water supply

Strengths of the West Wimmera Community

- The community places a high value upon the sense of community, belonging, friendliness and safety.
- The natural environment, peace and quiet and rural lifestyle are highly valued by our community and considered to be assets.

Reasons given include

- Our population is declining
- The lack of childcare means it is difficult for both parents to work
- The condition of our roads is
- Access to community and health services is poor
- Our community infrastructure needs to be improved so we can attract visitors and better support our community
- We find it difficult to retain young people and families in our community

What needs to change or be improved

- More employment opportunities
- Better access to childcare
- Improving the road network
- Improved health services and supports
- Programs, activities and supports for young people
- Public and community transport
- Programs, activities and supports for children and families

Community Vision

The community's vision for West Wimmera has been developed by the community through the Shaping West Wimmera engagement program conducted during 2021. It will guide Council's strategic planning out to 2041.

Vision

In 2041 West Wimmera is a great place to live, work and play.

We are growing and we are known for our natural environment, resilience and sense of community. We are proud of our heritage and are building new economic capacity based on innovation and tourism, which is creating local employment.

Our towns are vibrant and welcoming, offering the services and facilities that meet the needs of our community and visitors. We are a confident community and will empower everyone to be part of our future.

Future Directions

Active, healthy and safe – supporting our community to live full and rewarding lives.

Access to the right services – working confidently with partners to ensure health, education and digital services meet our needs.

The natural environment – valuing the time our community and visitors spend enjoying the natural environment.

Our roads – a safe and sustainable road network supporting businesses, our community and visitors.

Attractive and viable town centres - great places to live, visit and do business.

Thriving economy – taking advantage of our strengths in farming, business and tourism to generate employment and share our prosperity.

Sport and recreation – facilities that encourage participation in physical activity and add to community life.

Health and Wellbeing

All Victorian Councils are required to implement a Municipal Health and Wellbeing Plan under section 26 of the Public Health and Wellbeing Act 2008 every four years and within 12 months of a new council being elected. As allowed by section 27 of that Act, West Wimmera Shire Council has chosen to integrate its Municipal Health and Wellbeing Plan within the Council Plan.

This reflects a view that health and wellbeing is inherent in all Council planning and therefore should be represented in the Council Plan. This plan aims to promote public health and wellbeing, reduce health inequalities and other health dangers.

Section 17 of the Climate Change Act requires local councils to have regard to decisions or actions to reduce risks and public health impacts of climate change in municipal health and wellbeing plans.

Section 26 of the Public Health and Wellbeing Act requires councils to specify (in their Municipal Public Health and Wellbeing Plan) measures to prevent family violence and respond to the needs of victims of family violence in the local community.

What Our Community said about Health and Wellbeing

The Victorian Public Health and Wellbeing Plan 2019-2023 has 9 priority focus areas. These focus areas were put to our community by way of surveys and community listening posts to gauge the main priorities for the West Wimmera population. Here are the identified areas of priority from engagement with our community:

These identified areas can be categorised into three main themes for health and wellbeing within the West Wimmera Shire

1 Preventing violence and promoting equity

Promoting mental wellbeing and connected communities

(3) Fostering Healthy Lifestyles

West Wimmera Challenges identified by Surveys

- Lack of access to health services
- Lack of childcare
- Getting the community active
- Lack of awareness/information
- Violence and unhealthy attitudes towards women
- Isolation
- Mental health
- Unhealthy attitudes to alcohol and drugs
- Overweight/obesity

These challeges fit with the priority areas identified through a series of workshops in 2020 and 2021 for health in the Wimmera for 2021-2025. This work was completed by the Wimmera Primary Care Partnership, their partner agencies and LGAs. The priority areas are social connection, healthy eating, physical activity and adapting to climate changes.

Health Initiatives

West Wimmera Shire Council is committed to working with partner agencies to plan, implement, progress and review our municipal public health and wellbeing initiatives. We acknowledge our local and regional health services, with integrated health promotion funding will be able to lead programs throughout our local area.

We also understand the important role that many of our local community groups and organisations play in promoting and improving the health and wellbeing of their community members.

Council looks forward to strengthening its partnerships over the next four years with key stakeholders such as the Department of Health, Edenhope and District Memorial Hospital, Harrow Bush Nursing Centre, West Wimmera Health Service, Women's Health Grampians and the many other organisations, schools, sporting and community groups who influence our community.

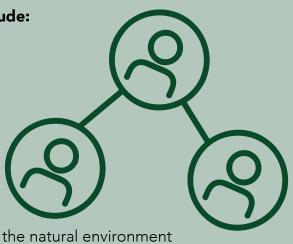

Social Determinants of Health

The social determinants of health are the conditions in which we are born, grow, age and in which we live, work and play. The determinants of health have a significant impact on our health and wellbeing.

The social determinants of health include:

- Socio-economic status
- Education
- Housing
- Transportation
- Food security
- Psycho-social Risk Factors
- The Social Environment
- Social Support Networks
- Community and Civic Engagement
- The Physical Environment, including the natural environment

Council has identified health and wellbeing goals and strategies based on available evidence and engagement in combination with the Liveability Wimmera South West Framework to improve the social determinants of health for our community members.

Goal 2 - Diverse & Prosperous Economy

Our future is reliant on growing a diverse and viable economic base that attracts investment and jobs and takes advantage of our natural assets.

We will embrace and develop new ideas and approaches to create a vibrant community with opportunities for all, whilst building on our strengths in agriculture and supporting our town centres.

To be successful we must take the lead in retaining existing employment opportunities and in attracting new and diverse opportunities, particularly for young people and families.

Sustainability in West Wimmera is about making decisions now that mean we can hand the Shire to future generations in a better condition than it is in today.

Our focus will be on thoughtful environmental custodianship seeking to responsibly meet our future food, energy and waste needs.

Water security underpins our way of life and is essential for our future. We will consider and promote innovative and sustainable waste management options for our community.

Support for the agricultural sector will include advocacy on matters of importance to the sector that enable sustainable land management.

Goal 5 Our Commitment

Following community consultation, Council has developed a Council Plan, focussing on four main goals; a liveable and healthy community, diverse and prosperous economy, sustainable environment and good governance.

These goals will ensure delivery against the Council Plan and underpin all decisions made by the Council.

The goals, strategies and initiatives will guide our strategic planning, processes, service delivery and the management of assets in a prudent and efficient way, taking our limited resources into consideration.

The community consultation has also indicated that our community not only cares about what we deliver, but also how we deliver on the plan. Being value driven, and to ensure that values guide our behaviour and decision-making and how we lead and support our community is of utmost importance.

To put the right emphasis and importance on how we deliver on the Council Plan, Council has created a 5th goal; making a commitment to deliver the goals based on the following values:

Goal 5 Our Commitment

The Council has challenging times ahead with managing the Covid-19 pandemic, including economic recovery and looking after our communities health and mental wellbeing.

We will likely have changing funding priorities from both the State and Federal Governments and continued pressure to take on services formerly run by others or to improve existing services.

The financial impact and ongoing commitments associated with the Covid-19 pandemic are yet to be fully determined.

A value based way of delivering on the Council Plan is therefore essential to ensure that we effectively serve our community in a responsible, caring and sustainable way.

We will proactively respond to change, are optimistic about our future and pursue continuous improvement

in everything that we do.

We will do everything within our ability to encourage and form trusting relationships, to work together as one team to achieve our goals and advocate for "One West Wimmera".

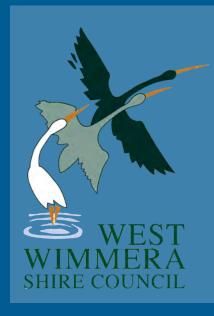

We will actively and openly consult with you and work constructively with community organisations, agencies, the business community and other levels of government to our community's benefit.

Accountable

6 Our commitment – we will proactively drive and live our values: Innovative, Accountable, United and Collaborative.
