| Definitions |  | <b>Recreation:</b> recreation is defined as an activity that a person chooses to participate in during their free time for the purpose of enjoyment. The range of activities can involve active or passive pursuits, which may encourage a social interaction with other community members. These activities may include outdoor chess, walking, jogging, hiking, bike riding, mountain biking, fitness classes, dancing and horse riding. In general, recreational activities are less structured than organized sporting activities. |  |  |  |
|             |  | <b>Sport:</b> sporting activities are generally more structured and involve teams, competitions and opponents. They generally require specific playing facilities such as an oval, wicket, pitch, courts or playing surface. Organised sports also typically hold regular training and coaching sessions, and often have a permanent location, club room or changing facilities.   |  |  |  |

| 1.          | Facilities   |  |  |  |  |
|             | <ul> <li>Recreation areas and facilities should be broad and varied enough to cater for as many sporting, recreation and leisure interests as may be practical. A balance is therefore to be maintained between competitive and non-competitive, group and individual, organised and free form opportunities.</li> <li>Council supports and encourages the joint use of Non-Council owned and/or managed recreation areas, school and other public recreation facilities.</li> <li>Encouragement will be given to the multi-purpose use of facilities rather than providing separate facilities for each community group.</li> <li>Council encourages the participation of clubs, groups and individuals in jointly providing recreation facilities in the community.</li> <li>Placement or location of facilities should take into account the population, catchment, ease of access, (both transport and cost), tourist attraction, service provision and general security of persons and facilities.</li> </ul> |  |  |  |  |
|             |  |  |  |  |  |
|             |  |  |  |  |  |
