

## PURPOSE

To provide clear guidelines for parents/guardians and educators in relation to their responsibilities in ensuring the safe arrival and departure of all children being transported to kindergarten services by school bus.

## POLICY STATEMENT

### VALUES

West Wimmera Shire Kindergartens are committed to responsible implementation of bus policy and procedures to ensure safety of all Kindergarten bus children travelling to the service by school bus.

### SCOPE

This *Bus Policy* is displayed in the bus folder for educators and parents; a copy of the *Bus List* is kept in the bus folder to be easily accessible for all permanent and relief educators.

This policy applies to the Approved Provider, Nominated Supervisor, Certified Supervisor, early childhood teachers, educators, parents/guardians, volunteers, students, bus staff and associated schools regarding kindergarten children travelling on school buses.

**Note: Only rural Kindergarten children may have access to the school bus service**

## PROCEDURES

- This policy is to be signed by Coordinating School Representative, Bus Company Representative and WWSC representative and a copy given to each
- Families are to contact the coordinating school to obtain permission to travel by bus, and organise their child's bus travel
  - As per the *DET School Bus Program Policy and Procedures* that the coordinating school and bus drivers must follow
  - **Children travelling by bus MUST be a minimum of 4 years of age**
  - *DET Form 1: Application for Permission to Travel – Eligible Students* will be required to be completed by parent/guardian
  - The *DET Form 6: Written Undertakings for Pre-School Students* form must be completed and signed by parent/guardian and kindergarten director
- Every parent/guardian with a child utilising a school bus to a service is to complete and sign the *WWSC Form for Bus Traveller Authorisation*
- A copy of the child's *Form for Bus Traveller Authorisation* is kept in their enrolment file and in the bus folder, uploaded to Xap and a copy sent to the coordinating school
- A copy of the child's *Risk Management Plan for Individual Bus Travellers* is to be completed by the parents/guardians in collaboration with the Kindergarten Teacher. A copy is to be kept in the child's enrolment file, bus folder, uploaded onto Xap and a copy sent to the coordinating school
- Each kindergarten service then completes a *Bus List* with names of all children utilising school buses to the service and the days that they will be travelling on the bus
- The bus drivers list is to be always carried with them whilst transporting children to kindergarten services. The bus driver ticks this list when children board/exit the bus
- Educators ensure that the *Bus List* is kept up to date each day and any daily changes notified by parents are recorded immediately on the daily bus list

- Any changes from parents to their child's travel must be communicated to the educators via the kindergarten phone. Changes will only be accepted under the discretion of the kindergarten teacher/nominated supervisor/responsible person
- The kindergarten teacher/nominated supervisor/responsible person will ensure there is an educator waiting for the school bus to arrive at scheduled arrival time
  - **If the bus arrives more than 10 minutes late the educator will go back inside the service and contact the coordinating school to enquire as to the whereabouts of the bus**
- The educator will walk to the bus door as children exit or board the bus and mark them off the *Bus List* to ensure all children have arrived and boarded safely
- If a child on the *Bus List* has not exited the bus the educator will communicate with the bus driver and check the *Bus List* carried by the driver to ensure they were not put on the bus that day
  - If any children **ticked** on the *Bus List* have not exited the bus the educator will ask the bus driver to walk the length of the bus to determine the whereabouts of any children ticked on and unaccounted for
  - **If a child who was ticked onto the bus is unaccounted for the bus driver will call the School Bus Coordinator and follow emergency procedures**
  - **Educators will walk into kindergarten with any other bus children**
  - **They will then notify other educators at the kindergarten, parents and management of the situation immediately**
  - **The educator will then work with the bus driver and coordinating school to determine whereabouts of unaccounted for child including calling 000 to notify police and DET**
  - **Parents will be updated immediately upon verification of whereabouts**
  - Educators will complete all relevant reports required and notify DET
- Educator will sign the *Bus List* to acknowledge that children have been collected from or delivered onto the bus.
- Educators accompany and supervise children to ensure a safe walk in and out of the service and then sign in/out all children collected off/delivered onto the bus onto the daily attendance sheet
  - For children who were listed on the *Bus List* but weren't present or ticked onto bus, educators will **immediately** contact parents/guardian to confirm that their child will be absent once back inside the kindergarten
  - If it is confirmed that the child will be absent by parents/guardian, the educator will mark them accordingly on the attendance sheet and *Bus List*
  - If both parent/guardians are un-contactable a phone message will be left and another call made 15 minutes later, if both parent/guardians are still unavailable another message will be left. Only two attempts will be made to contact the family before educators assume the child is absent.
