Dear Shire Councillors,

Our transport depot at 30 Dennis Merretts Road, Lillimur has visitors often from Melbourne and Adelaide and truck drivers who are not locals. These visitors most times have a lot of trouble finding our site as there are too many similar road names. Please see the attached map showing our location and the other three other Merretts roads that join onto the Lillimur-Yearlinga/Murrawong Road.

To fix this situation we propose changing our road name to something unique and request it to be "Calibre Road" which we feel is fitting as the West Wimmera Pistol Club range is also on our site. The word Calibre is derived from the Latin "qua libra" meaning "what weight", which I think suits a transport company too.

All other landholders on this road support this request and you can see their letters of support attached.

Regards,

Simon Goodwin
