<b>Introduction &amp; Background</b>	<p>COVID-19 is a respiratory illness caused by a new virus. Symptoms include fever, coughing, a sore throat and shortness of breath. The virus can spread from person to person, but good hygiene can prevent infection.</p> <p>COVID-19 was declared a global pandemic on the 30th January 2020 and a State of Emergency was declared in Victoria on the 16th March 2020. In response to the impact of the COVID-19 pandemic on the community, the West Wimmera Shire Council is committed to helping residents, ratepayers and businesses facing financial hardship.</p> <p>Financial hardship is a circumstance of experiencing a lack of financial means, which may be either ongoing or temporary. If you are facing financial difficulty on a personal level, you may wish to obtain advice from a community financial counsellor.</p> <p>You can talk to a financial counsellor from anywhere in Australia by calling 1800 007 007 (Monday to Friday, 9.30 am – 4.30 pm). This number will automatically switch through to the service in the State or Territory closest to you, or you can visit the National Debt Helpline at <a href="http://www.ndh.org.au">www.ndh.org.au</a>.</p>
<b>Purpose &amp; Objectives</b>	This policy is to address temporary financial hardship due to impacts of COVID-19. The existing Rate Recovery & Financial Hardship Policy allows for financial hardship experienced by a ratepayer however the COVID-19 policy will enable efficient, transparent application of relief options for those impacted directly by COVID-19.

<b>1.</b>	<p><b>PAYMENT ARRANGEMENT AND INTEREST HOLD</b></p> <p>The Shire's aim is to provide assistance to ratepayers through the COVID-19 event without creating additional financial stress when the pandemic has been resolved. Instead of deferring all financial responsibilities due to this event (which could cause further hardship and financial stress when the event is over and bills are owed) the Shire is encouraging ratepayers to set up a payment plan tailored specifically to their needs.</p> <p>The Shire will encourage ratepayers to set up a payment plan which will reduce the amount of debt owing after the pandemic. The Shire will also hold interest on debt accumulated during the COVID-19 pandemic. The interest hold will begin from the declaration of the State of Emergency, 16 March 2020, until the 30 September 2020. At this time arrangements will be reviewed and interest hold may be extended provided eligibility criteria is still met. If any debt is still outstanding at 1 October 2020 or an approved reviewed end date, the existing Rate Recovery &amp; Financial Hardship Policy will apply.</p> <p>Rate Notices will continue to be issued while payment arrangements are in place.</p>
<b>2.</b>	<p><b>RATES DEFERRAL AND INTEREST HOLD</b></p> <p>If the ratepayer is unable to enter in to a payment plan immediately, the Shire will defer the debt accumulated during the COVID-19 pandemic and will hold interest on this debt from the declaration of the State of Emergency, 16 March 2020, until the 30 September 2020. At this time arrangements will be reviewed and interest hold may be extended provided eligibility criteria is still met. If any debt is still outstanding at 1 October 2020 or an approved reviewed end date, the existing Rate Recovery &amp; Financial Hardship Policy will apply.</p> <p>Rate Notices will continue to be issued while payment arrangements are in place.</p> <p>The Shire will make a reasonable attempt to contact a customer, and a payment plan may be negotiated at this time.</p>
<b>3.</b>	<p><b>DEBT RECOVERY</b></p> <p>The Shire will make a reasonable attempt to contact a customer about their overdue account. This may include a reminder letter, account statement, email, text message or phone call.</p> <p>During the COVID-19 pandemic, Council will hold off on legal action for the collection of rates and charges. This does not include legal action to recover the payment of fines incurred prior to the pandemic.</p> <p>The debtor will be liable for all legal costs incurred by Council in the debt collection process.</p>

## Mayor and CEO's Introduction

G1

On behalf of the Councillors we are pleased to release the 2020/21 Budget to the Community. This budget builds on our Council Plan 2017-2021 vision which focuses on the following seven key areas:

- A proactive, well-governed, professional and financially sustainable organisation that encourages community participation
- Meaningful partnerships to support advocacy priorities and service provision
- Quality sustainable community infrastructure
- Building on our agricultural and business strengths and supporting economic development
- Thriving, safe and diverse local communities
- Participating in activities that address health and well being issues
- Providing access to, and promoting the natural environment

As with most small rural shires, West Wimmera is extremely dependant on external funding via grants. Whether that be annual recurrent grants or competitive funding rounds, the shire will continue to rely heavily on the assistance provided by these varied funding streams. Council gratefully acknowledges the continued support from both the Commonwealth and Victorian Governments in providing significant grant funding of \$9.263 million to enable Council to deliver its budget priorities to our Community. A detailed description of the grants recieved by Council can be found in section 4.1.4 of this document.

The rate increase included in the 2020/21 budget is 2%, in line with the order by the Minister for Local Government under the Fair Go Rates System.

As Councillors and managers, it is our job to listen to community sentiment and understand your priorities. We have consistently heard that Council's services are valued by the community, and that Council also needs to be financially responsible and keep its rates as low as possible. Another area we hear about consistently is the condition of Council's roads, as such this budget makes a substantial commitment to maintaining and renewing the road network within our shire.

With a clear emphasis placed on the renewal of large asset categories such as, roads, drainage and shire owned buildings, the budget will make a positive impact on addressing the backlog with respect to asset maintenance and renewal.

The 2019/20 budget calls for \$4.54 million capital expenditure on Council's road network, with \$4.31 million of this being renewal of Council's existing network and \$0.23 million set aside for upgrades. The budget also includes a further \$3.9 million in ongoing maintenance for roads on top of the capital spend.

Total capital expenditure will be \$6.18 million, with \$5.86 of this being renewal works on Council's existing community assets and a further \$0.24 million being allocated to upgrading assets.

Council continues to support development of our families with \$0.88 million allocated to Children's and family services.

The budget makes a commitment to maintaining support for our older residents, with \$0.67 million allocated to Aged and disability care. Council is committed to providing care services to our community and acknowledges the extension of block funding until 2022. Council continues to monitor developments in this area with interest.

West Wimmera Shire welcomes community comment and discussion on the budget and looks forward to implementing the various activities contained within it.

## G2 1. Link to the Council Plan

This section describes how the Annual Budget links to the achievement of the Council Plan within an overall planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term, medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Annual Report).

### G3 1.1 Legislative Planning and accountability framework

The Strategic Resource Plan, part of and prepared in conjunction with the Council Plan, is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The Annual Budget is framed within the Strategic Resource Plan, considering the services and initiatives which contribute to achieving the strategic objectives specified in the Council Plan. The diagram below depicts the planning and accountability framework that applies to local government in Victoria.

Source: Department of Environment, Land, Water and Planning

Feeding in to the above, Council has a long term plan which articulates a community vision, mission and values. The Council Plan is prepared with reference to Council's long term Community Plan.

The timing of each component of the planning framework is critical to the successful achievement of the planned outcomes.

#### 1.1.2 Key planning considerations

##### Service level planning

Although councils have a legal obligation to provide some services— such as animal management, local roads, food safety and statutory planning—most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

## **G4** 1.2 Our purpose

Each contributes to the achievement of one of the seven Strategic Objectives as set out in the Council Plan for the 2017-2021 years. The following is a list of the seven Strategic Objectives as described in the Council Plan.*

## G6 2. Services and service performance indicators

It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below

## 4. Notes to the financial statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

### 4.1 Comprehensive Income Statement

#### G11 4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's annual budget.

In developing the Strategic Resource Plan, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the Strategic Resource Planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2020/21 the FGRS cap has been set at 2.0%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 2.0% in line with the rate cap.

This will raise total rates and charges for 2020/21 to \$7.95 million

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

4.1.1(l) Fair Go Rates System Compliance

West Wimmera Shire Council is required to comply with the State Government's Fair Go Rates System (FGRS). The table below details the budget assumptions consistent with the requirements of the Fair Go Rates System.

	2019/20	2020/21
Total Rates	\$ 7,240,576	\$ 7,385,388

Budgeted Supplementary Rates	\$ -	\$ -
Budgeted Total Rates and Municipal Charges Revenue	\$ 7,240,576	\$ 7,385,388

4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.

4.1.1(n) Differential rates

Council institutes a uniform rate across all properties within the shire. All rateable properties are charged at the general rate in the dollar of \$0.002255.

<b>Total Grants</b>	<b>10,842</b>	<b>9,263</b>	<b>- 1,579</b>	<b>-14.6%</b>

Operating grants are budgeted to decline by \$0.359 million or 4.6% over 2020/21. The major anticipated variances when compared to 2019/20 include:

- A decline of \$0.441 million in State Government project grants (Harrow Recreation Reserve)
- As the Federal Budget will not be released until October 2020, we have not budgeted for any CPI increase in Commonwealth funding
- These decreases are offset by smaller increases in Maternal Child Health, Youth Services and Aged Care

Capital Grants are anticipated to decline by \$1.579 million or 14.6% for the 2020/21 year. Capital grants are often difficult to compare as they often relate to non-recurrent projects which may vary considerably from year to year. The major variance between the two years is:

- A decline of \$1.288 million in State funding for roads, relating to the winding up of the Fixing Country Roads Program funding made available to Council.

#### 4.1.6 Other income

	Forecast	Budget	Change	
	Actual	2020/21		
	2019/20	2020/21	\$'000	%
	\$'000	\$'000	\$'000	%

<b>Total other income</b>	<b>2,702</b>	<b>1,572</b>	<b>- 1,130</b>	<b>-41.83%</b>

Other income is expected to reduce by \$1.130 million, predominantly from the reimbursements area. This is due to a reduction in VicRoads funding of \$1 million in 2020/21. Reimbursements were also received in the 2019/20 year in relation to the shared HR Manager position, in the 2020/21 year this will no longer be the case as Council will employ this position.

West Wimmera Shire Council leases a Council owned facility at 41 Commercial Street Kaniva, which is currently run as a café business. The lease for this property is due to expire on 23 September 2020. Council will seek to re-lease this property by way of a tender process during the early part of the 2020/21 financial year.

#### G12 4.1.7 Employee costs

	Forecast	Budget	Change	
	Actual	2020/21		
	2019/20	2020/21	\$'000	%

<b>Total employee costs</b>	<b>7,777</b>	<b>7,891</b>	<b>114</b>	<b>1.47%</b>

Employee costs are expected to increase 1.47% or \$114,000 due to the Enterprise Bargain Agreement rise of 2.1%. This increase is somewhat offset by budgeted decreases in casual labour due to a reduced capital works program.

#### G12 4.1.8 Materials and services

	Forecast	Budget	Change	
	Actual	2020/21		
	2019/20	2020/21	\$'000	%

<b>Total materials and services</b>	<b>7,236</b>	<b>5,546</b>	<b>- 1,690</b>	<b>-23.35%</b>

Council expects a reduction of other expenses of \$1.690 million in 2020/21. This is largely in the contract payments area and is due to the completion of the Harrow Recreation Reserve Project in the 2019/20 financial year. We also expect to see a reduction in utilities due to the installation of energy-saving solar panels on Council buildings in the 2018/19 and 2019/20 years. Plant and Equipment maintenance is expected to be 3% lower given the reduction in Capital Works expenditure.

**G12 4.1.9 Depreciation**

	Forecast	Budget	Change	
	Actual 2019/20	2020/21	\$'000	%
Property	828	830	2	0.30%

<b>Total depreciation</b>	<b>6,820</b>	<b>6,784</b>	<b>- 36</b>	<b>-0.53%</b>

A full independent infrastructure revaluation was undertaken in June 2018 was undertaken in May 2018. Council anticipates no significant changes to its depreciation period or values over the 2020/21 year.

**G12 4.1.12 Other expenses**

Other	110	37	- 73	-66.36%
<b>Total other expenses</b>	<b>365</b>	<b>301</b>	<b>- 64</b>	<b>-17.52%</b>

Council expects a decline in other expenses of \$0.064 million mainly due to an increased amount of plant hire recoveries to offset the expense.

## 4.2 Balance Sheet

### 4.2.1 Assets

#### 4.2.1.1 Cash and Cash Equivalents

	Forecast	Budget	Change	
	Actual	2020/21

	\$'000	\$'000	\$'000	%
Cash and Cash Equivalents	11,916	11,622	- 294	-2.46%

Council anticipates to draw down on cash reserves by \$0.294 million over the 2020/21 year. This is due to transfers from cash reserves maintained in prior years to fund capital expenditure on bridgework and election costs along with carried forward capital projects from 2019/20.

#### 4.2.1.2 Property, Infrastructure Plant and Equipment

	Forecast	Budget	Change	
	Actual	2020/21

	\$'000	\$'000	\$'000	%
Property, infrastructure, plant & equipment	198,914	198,199	- 715	-0.36%

Property, Infrastructure, Plant and Equipment represents all of Council's infrastructure assets used to provide services to our community. It includes Roads, Bridges, Footpaths, Drains as well as public buildings and open space and plant and equipment needed for use by Council.

Council's investment in Property, Infrastructure, Plant and Equipment is anticipated to decrease by \$0.715 million over the 2020/21 year, in line with Council's Capital Works program minus depreciation. For more information on Council's Capital Works program refer to section 4.5 Capital Works

### 4.2.2 Liabilities

Council's overall liabilities are anticipated to decrease over the 2020/21 year, largely due to an anticipated decline in trade creditors at balance date as the use of contractors declines due to the winding up of the Harrow Recreation Reserve Project.

#### 4.2.4 Leases by category

As a result of the introduction of AASB 16 Leases, right-of-use assets and lease liabilities have been recognised as outlined in the table below.

### 4.3 Statement of changes in Equity

#### 4.3.1 Reserves

Council holds a number of cash reserves intended to set aside cash for future known expenditure. Council anticipates to draw down \$0.515 million from reserves over the 2020/21 budget year. The following table summarises Council's reserves and purposes:

	Opening Balance \$'000	Transfer to \$'000	Transfer From \$'000	Closing Balance \$'000
Plant Replacement Reserve	584	50	-	634
Quarry Restoration Reserve	116	3	-	119

Carried Forward Projects	3,149	-	487	2,662
	<b>4,552</b>	<b>80</b>	<b>747</b>	<b>3,885</b>

### 4.4 Statement of Cash Flows

#### 4.4.1 Net cash flows provided by/used in operating activities

Council is budgeting to receive a net cash inflow from operating activities of \$5.93 million. This represents a decline of \$1.36 million from the projected 2019/20 result. This is largely due to the reduction in grant funding and reimbursements from VicRoads.

#### 4.4.2 Net cash flows provided by/used in investing activities

Council anticipates a net cash outflow of \$6.21 million over the 2020/21 financial year, representing Council's capital expenditure program. This shows a decline in outflows of \$4.27 million over the previous year due to a reduction on capital expenditure.

## 4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2020/21 year, classified by expenditure type and funding source. Works are also disclosed as current budget or carried forward from prior year.

Capital expenditure is budgeted to decline by \$4.941 million for the 2020/21 year when compared to 2019/20. This is largely in the Property area which is budgeted to decline by \$1.701 million for 2020/21. This is a result of the bulk of works at the Edenhope & District Community Centre, being the most recent major property project, being budgeted for in 2018/19 (although a further \$330,500 of grant-funded expenditure is anticipated to be carried forward into 2020/21 from this project - see section 4.5.3 below).

Infrastructure capital expenditure is anticipated to reduce by \$2.681 million for 2020/21. The majority of this relates to a significant reduction in funding due to the Fixing Country Roads program ending prior to the 2020/21 year.

#### Key to Forecast Trend:

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

#### Notes to indicators

##### 1. Adjusted underlying result

The 2018/19 actual figure reflects the 3.5% rate increase variation along with higher grant funding than expected in the 2020/21 year onwards. This result is expected to gradually decline as Council's own sourced recurrent revenue declines due to a combination of declining population and the application of the rate cap.

##### 2. Working Capital

Working capital is anticipated to decline over the four years as cash declines slightly and employee provisions increase slightly over the period.

##### 3. Unrestricted Cash

Unrestricted cash remains relatively steady over the period, with fluctuations from cash held at the end of each year. The significantly lower figure in 2018/19 reflected a larger amount of cash held at year end to carry future works.

##### 4. Debt compared to rates

Loans and borrowings as a percentage of rates is zero as Council has no plans to take on any new debt over the period.

##### 5. Asset renewal

Asset renewal varies from year to year as Council's capital expenditure program fluctuates depending upon. Overall over the period there is a reduction in the ratio, largely due to the decrease in Capital grant funding impacting Council's ability to fund asset renewals.

##### 6. Rates concentration

Council's rates concentration level is expected to remain at just above 40% for the projected future four years due to the rate cap set at 2% under the Fair Go Rates System. This figure remains well below the average of other Victorian Councils 63.74% (source: Knowyourcouncil.vic.gov.au).
