The model budget, including financial statements, has been prepared in accordance with the requirements of the Local Government Act 2020 and the Local Government (Planning and Reporting) Regulations 2020. While every effort has been made to ensure that the information contained in this document has been accurate and complies with relevant Victorian legislation, each Council remains responsible to ensure that the budget they prepare is compliant with all statutory requirements.

Mayor and CEO's Introduction

On behalf of the Councillors we are pleased to release the 2023-24 Budget to the Community. This budget builds on our Council Plan 2021-2025 vision which comprises the following five goals:

- Liveable & Healthy Community
- Diverse and Prosperous Economy
- Sustainable Environment
- Good Governance
- Our Commitment

As with most small rural shires, West Wimmera is extremely dependant on external funding via grants. Whether that be annual recurrent grants or competitive funding rounds, the Shire will continue to rely heavily on the assistance provided by these varied funding streams. Council gratefully acknowledges the continued support from both the Commonwealth and Victorian Governments in providing significant grant funding to enable Council to deliver its budget priorities to our Community. A detailed description of the grants received by Council can be found in section 4.1.4 of this document.

The rate increase included in the 2023/24 budget is within 3.50% rate cap, in line with the order by the Minister for Local Government under the Fair Go Rates System.

As Councillors and managers, it is our job to listen to community sentiment and understand your priorities. We have consistently heard that Council's services are valued by the community, and that Council also needs to be financially responsible and keep its rates as low as possible.

After extensive consultation with the community, Council adopted its 2021-25 Council Plan in October 2021. An Annual Plan has been compiled, identifying the initiatives of the Council Plan which Council intends to deliver in 2023-24. The Annual Plan has informed the development of the 2023-24 Budget, ensuring sufficient funding and resourcing has been allocated to achieve the actions and initiatives outlined in the Annual Plan.

A significant focus of this budget is on community projects and initiatives. Council has committed significant funds to match potential funding opportunities, with further funding committed to preparing 'shovel-ready' initiatives, to allow Council to capitalise on possible future opportunities.

With a clear emphasis placed on the renewal of large asset categories such as, roads, drainage and shire owned buildings, the budget will make a positive impact on meeting maintenance and renewal requirements of Council's assets.

This 2023/24 budget proposes a significant capital works program of \$11.71 million. The Council roads and infrastructure network remains on top of our capital work priority matrix with over \$5.75 million allocated towards upgrades, renewals and maintenance and for new road projects Council wide. The budget has focused to provide financial resources to maintain and renew buildings, structures and land.

West Wimmera Shire welcomes community comments and discussion on the budget and looks forward to implementing the various activities contained within it.

Mayor

1. Link to the Integrated Strategic Planning and Reporting Framework

This section describes how the Budget links to the achievement of the Community Vision and Council Plan within an overall integrated strategic planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term (Community Vision and Financial Plan), medium term (Council Plan, Workforce Plan, and Revenue and Rating Plan) and short term (Budget) and then holding itself accountable (Annual Report).

1.1 Legislative planning and accountability framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated strategic planning and reporting framework that applies to local government in Victoria. At each stage of the integrated strategic planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

Source: Department of Jobs, Precincts and Regions

The timing of each component of the integrated strategic planning and reporting framework is critical to the successful achievement of the planned outcomes.

1.1.2 Key planning considerations

Service level planning

Although councils have a legal obligation to provide some services—such as animal management, local roads, food safety and statutory planning—most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

Community consultation needs to be in line with a council's adopted Community Engagement Policy and Public Transparency Policy.

1.2 Our purpose

Our Vision

Our West Wimmera communities are healthy, thriving, diverse, prosperous and self-sustaining, with regional and global connectivity

Our Values

Innovative

We will proactively respond to changes, are optimistic about our future and pursue continuous improvement in everything we do.

Accountable

We will be responsible, take ownership of our actions and are committed to good governance, excellence, transparency, achievement of goals and advocating for our community

United

We will do everything within our ability to encourage and form trusting relationships, to work together as one team to achieve our goals and advocate for "One West Wimmera"

Collaborative

We will actively and openly consult with you and work constructively with community organisations, agencies, the business community and other levels of government to our community's benefit.

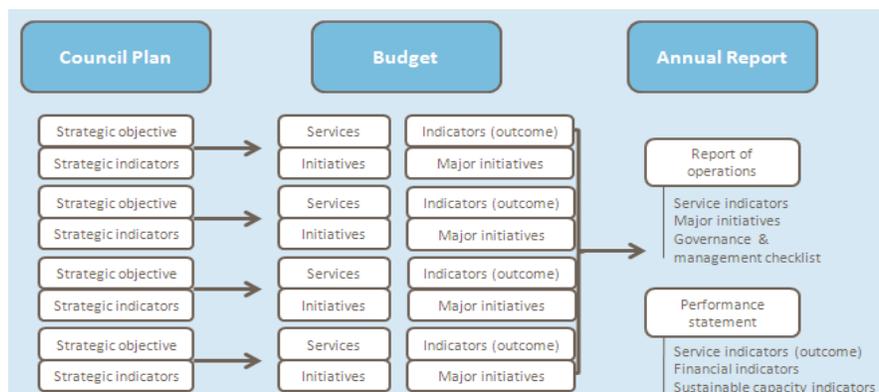

1.3 Five Goals

Council delivers activities and initiatives under 36 major service categories. Each contributes to the achievement of one of the five Goals as set out in the Council Plan for 2021-25 years. The following is a list of the five Goals as described in the Council Plan

Strategic Objective	Description
Goal 1	Liveable and Healthy Community
Goal 2	Diverse and Prosperous Economy
Goal 3	Sustainable Environment
Goal 4	Good Governance
Goal 5	Our Commitment

2. Services and service performance indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2023/24 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below

4. Notes to the financial statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

4.1 Comprehensive Income Statement

4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's budget.

As per the Local Government Act 2020, Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

In developing the Budget, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2023/24 the FGRS cap has been set at 3.50%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 3.50% in line with the rate cap.

This will raise total rates and charges for 2023/24 to \$7,421K

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	2022/23		2023/24		Change	%
	Forecast Actual		Budget			
	\$'000		\$'000

4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2023/24: estimated \$6,158,000)
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.

5a. Targeted performance indicators

The following tables highlight Council's current and projected performance across a selection of targeted service and financial performance indicators. These indicators provide a useful analysis of Council's intentions and performance and should be interpreted in the context of the organisation's objectives.

The targeted performance indicators below are the prescribed performance indicators contained in Schedule 4 of the Local Government (Planning and Reporting) Regulations 2020.
